

Mihail Kolarov

**MEMOIRES OF PROF. VESELIN N. TRAYKOV (21ST JULY 1981 -
10TH APRIL 2011)**

(Summary)

In a very emotional way, very honestly the author shares episodes from the life and works of Prof. V. Traykov. He also reveals unknown facts about his personal and professional life that not only contribute to the complete character of the eminent Bulgarian scientist, but also add touches to the details about the relationships between other countries and Bulgaria, as well as to the profile of the professionals in the historical domain.
