DIMITAR KOSSEV IN THE MEMORIES OF HIS CONTEMPORARIES

(Summary)

“Dimitar Kossev in the memories of his contemporaries” is one of the first ventures of historiographical club “Academician Dimitar Kossev” (established on March 20, 2002 at the Faculty of History Sofia University “St. Kliment Ohridski”, where Dimitar Kossev worked). Contemporaneous and former students and my part-time assistant Lyubomila Solenkova readily joined in its work. Then there were participations in scientific meetings in Vidin and several in Perushtitza. Many of the founders made their first scientific publications on this topic, they got well into the craft of the historian, only part of which is mentality. Today a few of them have a doctorate and work in BAS institutes and in archives, or are freelance.
