SOFIA IN PROFESSOR MARIN DRINOV'S LIFE

(Summary)

The article traces the multifaceted activity of prof. M. Drinov as a public figure and scientist to legitimize Sofia as the capital of Bulgaria. The emphasis is on revealing the sound scientific justification of Drinov's idea. "The Sofia line" in his writings is traced in all his works where he argues that it is Sofia that is the geographical, historical, spiritual, cultural and social center of Bulgaria.
