**BULGARIAN ASSESSMENTS CONCERNING FRANTISHEK HYBL'S
“HISTORY OF THE BULGARIAN PEOPLE” (DĚJINY NÁRODA
BULHARSKÉHO)**

(Summary)

A little more than fifty years after publishing of Jireček's History of the Bulgarians (Dějiny naroda bulharskeho), a new Czech work on Bulgarian past appeared – History of the Bulgarian People (Dějiny naroda bulharskeho) by Frantisek Hybl. Today the name of Hybl is almost forgotten. This paper presents the assessments of three Bulgarian scholars (Lyubomir Miletich, Yurdan Trifonov and Petăr Kyurkchiev) concerning Hybl's work, which were published in 1930 in weighty Bulgarian periodicals. It also poses the question whether Hybl's History of the Bulgarian People not be carefully reconsidered.
